

CRIS BUZZ

CRIS presented a donation raised through student-led sales

A JOURNEY OF COMPASSION AND SERVICE

Campus Rangers students participated in service-learning activities at Dignity Foundation. Through games, students learned about Foundation's efforts in empowering communities through education and initiatives. The visit included tours of facilities and concluded with a donation presentation from CRIS, supported by fundraising activities. This nurtured compassion, generosity, and understanding of serving others.

Discover the exciting hands-on adventures our Preschool students enjoyed this month, where learning, creativity, and fun came together in unforgettable ways!

Campus Rangers International School is delighted to welcome our new students and their families to our vibrant school community. We sincerely thank our parents for placing their trust in us to guide, nurture, and support their children's educational journey.

A WARM WELCOME TO OUR NEW CAMPUS RANGERS FAMILY

Orientation Day

At Campus Rangers, we are committed to providing more than academic excellence. We strive to develop confident, compassionate, and responsible individuals who are equipped with the knowledge, values, and life skills needed to thrive in an ever-changing world. Through a holistic learning environment, we empower our students to become future leaders, critical thinkers, and lifelong learners.

We look forward to partnering with our families as we inspire every child to discover their potential, embrace new opportunities, and confidently embark on the next stage of their educational and personal journey. Welcome to the Campus Rangers family!

A FUN-FILLED DAY AT THE SCOTT'S SCHOOL ADVENTURE

Primary

Thank you for joining the Scott's School Adventure! Our students enjoyed an exciting day filled with fun, learning, and healthy activities. They explored interactive Power Zones, joined engaging games, and learned the importance of building healthy habits.

The experience focused on strengthening brain power, boosting immunity, and encouraging active, healthy lifestyles. Students also went home with special goodies that added to their excitement and smiles.

We sincerely thank Scott's Malaysia for sponsoring this meaningful event and supporting the promotion of healthy living in an enjoyable way. We also appreciate GogoKids for organising this programme in collaboration with Campus Rangers International School. We hope this inspiring experience encourages our students to make healthy choices every day.

PRESCHOOL INSIGHT

LITTLE LEARNERS EXPLORE THE CONCEPT OF CAPACITY

Our Nursery students had a wonderful time exploring the concept of capacity through a fun, hands-on water activity. They learned to identify the difference between full and empty while carefully pouring water from one container to another. As they compared the amount of water in each container, they also developed important hand-eye coordination, fine motor skills, and concentration. These engaging experiences help build a strong foundation in early mathematical concepts while making learning enjoyable and meaningful.

LEARNING CHINESE THROUGH FUN AND PLAY

Our Preschool students have been enjoying learning Chinese through fun, interactive experiences. Through songs, games, stories, and hands-on activities, the children are building their vocabulary and confidence while exploring a new language. They love practising simple words and phrases with their friends and teachers in a playful and supportive environment. Learning Chinese in this engaging way encourages curiosity, cultural awareness, and a lifelong love of learning.

PRESCHOOL INSIGHT

SPLISH, SPLASH, WATER PLAY FUN!

Our Nursery and Preschool students had a wonderful time during their exciting Water Play Day, filled with hands-on exploration and creativity. The children investigated floating bottle caps in the water pool, discovering which objects floated while developing their observation skills. They delighted in pouring, scooping, splashing, and creating imaginative water adventures with their friends. One of the favourite activities was exploring a magical sensory mixture that felt both solid and liquid, sparking curiosity and wonder. To finish the day, the children created colourful masterpieces using spray bottles filled with water-based paint, combining art with outdoor fun. Throughout the day, the children strengthened their fine motor skills, practised sharing and teamwork, and built confidence through sensory exploration. It was a joyful day of learning, creativity, discovery, laughter, and memories.

PRESCHOOL INSIGHT

BUILDING BALANCE AND CONFIDENCE

This month in Physical Education, our preschool students focused on developing and testing their balancing skills. The children practised walking in a straight line with their chins held high, learning how to control their movements and maintain balance. As their confidence grew, they challenged themselves by walking backwards as well. The students had lots of fun while improving their coordination, concentration, and body awareness through these engaging activities.

EXPLORING THE WONDERS OF MAGNETS

Our Preschool 1 students enjoyed discovering how magnets work through a fun, hands-on science activity. They explored a variety of everyday objects, testing which ones were attracted to a magnet. The children sorted the items into two groups—magnetic and non-magnetic—and observed patterns in the materials magnets attract. This exciting investigation encouraged curiosity, critical thinking, and early scientific discovery while making learning both meaningful and enjoyable.

PRESCHOOL INSIGHT

PHONICS ZOMBIE ADVENTURE

Our Preschool 2 students had a spooktacular time during our Phonics Zombie activity! Each child became a "phonics zombie" with a different CVC word attached to their head. As they danced and marched to the music, they froze when it stopped, then searched for a partner to read and write down the CVC word on their friend's head. This engaging game made phonics practice exciting while building reading, spelling, and observation skills through active learning.

CELEBRATING MOTHERS AND FATHERS WITH HANDMADE LOVE

Our Preschool 2 students joyfully created special Mother's Day and Father's Day crafts to show their love and appreciation for their parents. With creativity and care, the children designed handmade gifts using a variety of materials and bright colours. They were proud of their work and excited to take their creations home. This meaningful activity helped the children express gratitude while developing fine motor skills, creativity, and a deeper understanding of celebrating family love.

PRESCHOOL INSIGHT

LITTLE ONES, BIG LOVE FOR GRANDPARENTS

Our preschool students recently celebrated a special Dress Like Your Grandparents Day, and it was filled with smiles, laughter, and cherished memories. The children proudly dressed up as their grandparents, wearing outfits inspired by them and bringing in treasured photos to share with their classmates. During circle time, each child enjoyed telling heartwarming stories about their grandparents, sharing what makes them so special and how much they love spending time together. It was wonderful to see the children express their appreciation while learning about each other's families. The day was a beautiful celebration of the important role grandparents play in our lives and the special bonds that connect generations.

YEAR 5 HUMANITIES VISIT TO DIGNITY FOR CHILDREN FOUNDATION

On 26 June 2026, our Year 5 Humanities students visited the Dignity for Children Foundation at Sentul Boulevard to learn about its programmes supporting refugee and urban poor children in Malaysia. The visit encouraged students to develop empathy for marginalised communities while understanding the importance of inclusion and compassion.

They also learned valuable life skills, including budgeting wisely and setting aside 10% of their money for charitable giving. Through interactive activities and meaningful discussions, students gained a deeper appreciation of the challenges faced by others and were inspired to become responsible, caring individuals who make a positive difference in their communities.

CAMPUS RANGERS STUDENTS ENGAGE IN MEANINGFUL VISIT TO DIGNITY FOUNDATION

Campus Rangers International School students enjoyed a meaningful visit to Dignity Foundation, engaging in teamwork and service-learning activities. They organised interactive games such as captain ball and rock-paper-scissors challenges, fostering collaboration and joy among participants.

A guided tour introduced students to inspiring facilities including the Dignity Shop, Mental Wellness Centre, and Dignity Kitchen, offering insight into the Foundation's work in empowering communities through education and social initiatives.

The visit concluded with a donation presentation from CRIS supported by funds raised through student-led sales activities reflecting compassion and generosity.

We sincerely thank Dignity Foundation for their warm welcome and meaningful experience.

CELEBRATING SUCCESS

ANGEL TAN SHINES AT HER FIRST FIG-APPROVED INTERNATIONAL COMPETITION

Congratulations to our student, Angel Tan, on her participation in the 2026 Singapore Open International Tournament (Rhythmic Gymnastics), held on 13–14 June 2026 in Singapore.

This milestone marked Angel's debut in an FIG-approved international competition, providing her with the valuable opportunity to compete alongside talented junior rhythmic gymnasts from around the world. The experience allowed her to broaden her competitive exposure, strengthen her skills, and gain confidence on the international stage.

Angel's participation reflects her unwavering commitment, perseverance, and passion for rhythmic gymnastics. Her dedication to training and continuous improvement is truly commendable, and she has represented both herself and our school with pride.

We celebrate this important achievement and look forward to seeing Angel continue to grow as an athlete. We wish her every success in her future competitions and are confident she will continue to reach new heights in her rhythmic gymnastics journey.

CELEBRATING SUCCESS

CONGRATULATIONS TO NATALIE CHENG ON HER OUTSTANDING SWIMMING ACHIEVEMENT

A huge congratulations to Natalie Cheng on her outstanding performance in the pool!

- 🏆 KL Klasik (30 May – 1 June)
- 🥉 200m Individual Medley – 3rd Place
- 🏆 200m Freestyle – 5th Place
- 🥉 100m Freestyle – 5th Place
- 🥉 50m Breaststroke – 5th Place

- 🏆 16th Novice Meet (25–26 April)
- 🥇 50m Breaststroke – Gold
- 🥇 25m Breaststroke – Gold
- 🥈 25m Butterfly – Silver
- 🥉 50m Freestyle – Bronze
- 🥉 25m Freestyle – Bronze

Her dedication, discipline, and perseverance have been truly inspiring, and this achievement is a testament to her hard work and commitment to the sport. We are incredibly proud of Natalie for representing herself and our school with excellence. We wish her every success in her future competitions and look forward to celebrating many more achievements. Well done, Natalie!

CELEBRATING SUCCESS

ANGEL SHINES WITH DETERMINATION ON THE INTERNATIONAL STAGE

We proudly congratulate our student, Angel Wong, for her outstanding achievements in rhythmic gymnastics. On 1st May, Angel competed in the United Champions Cup in Uzbekistan, earning 3rd place in the Individual All-Around category. After attending a training camp, she represented Malaysia at the Asian Championships 2026 in Kyrgyzstan on 20th May. Despite falling ill with tummy flu during the competition, Angel showed remarkable resilience by completing her qualification routines and securing a place among the top eight finalists. Her perseverance, courage, and true sportsmanship are an inspiration to our entire school community. We applaud her unwavering determination and wish her continued success as she pursues even greater achievements in future international competitions.

CELEBRATING SUCCESS

Yan Hao Sam (Samson)

Congratulation

Congratulations, Samson Year 11, for advancing to the finals and securing the Consolation Prize in the On-the-Spot Art Competition. We are proud of your achievement and wish you all the best in the finals.

CAMPUS RANGERS HOSTS INSPIRING CAMBRIDGE LIFE SKILLS IN ACTION SESSION

Campus Rangers International School was honoured to host the Cambridge Life Skills in Action session, organised by Cambridge International Education Southeast Asia Pacific. The event welcomed educators from across the Klang Valley for a day of professional learning, collaboration, and meaningful discussions.

The session highlighted the importance of developing essential life skills that prepare students for success beyond the classroom. We extend our sincere appreciation to the Cambridge team for sharing valuable insights and practical strategies that inspire excellence in teaching and learning.

It was a privilege to host this enriching event and contribute to a collaborative initiative that empowers educators and supports student success.

TEACHERS EMBRACE STEM LEARNING DURING SCHOOL HOLIDAY

During the two-week school holiday, our teachers came together to participate in a STEM training programme conducted at our very own STEM-AI Lab. With enthusiasm, open hearts, and curious minds, they embraced the opportunity to explore knowledge beyond their individual teaching subjects. The training provided valuable insights into STEM and emerging technologies, equipping them with new skills and fresh perspectives that can be integrated into the classroom.

This commitment reflects the dedication of our educators to continuous professional growth and lifelong learning. By investing time in expanding their expertise, our teachers are better prepared to inspire creativity, critical thinking, and innovation among our students. At Campus Rangers International School, we believe that when teachers continue learning and growing, students receive richer educational experiences and the highest quality education possible.

KEEPING PACE WITH A RAPIDLY CHANGING EDUCATION LANDSCAPE

Education today is changing at an extraordinary pace, influenced by rapid advancements in technology, globalisation, and the growing demand for future-ready skills. As a Cambridge International School, we are deeply committed to ensuring that our teaching and learning continue to evolve in step with these changes, while maintaining the high standards associated with the Cambridge framework.

Our curriculum is regularly reviewed and refined to remain rigorous, relevant, and aligned with international best practices. Teachers engage in ongoing professional development, collaborating to explore innovative teaching strategies and effectively integrate digital tools into daily classroom learning. This ensures that students experience engaging, meaningful, and forward-thinking lessons.

Beyond academic knowledge, we place strong emphasis on developing essential skills such as critical thinking, communication, creativity, collaboration, and adaptability. These competencies prepare students not only for examinations but also for life beyond school in an ever-changing world.
