Primary Students Power Up Their Robot Designs

CELEBRATING CREATIVITY AND INNOVATION DURING STEM MONTH

Campus Rangers International School celebrates STEM Month with creativity and discovery. Our students proudly showcased their projects at the STEM Fair, bringing Science, Technology, Engineering, and Mathematics to life. Working in teams, they shared ideas, developed solutions, and presented their creations to the school community. It was inspiring to witness their passion, teamwork, and curiosity as they explored the possibilities of STEM learning.

STEM Fair 2026 was an incredible celebration of creativity, curiosity, and innovation as our students brought Science, Technology, Engineering, and Mathematics to life through exciting projects, interactive games, and hands-on experiments. The event provided a valuable platform for students to showcase their knowledge, creativity, and problem-solving skills while sharing their ideas with the school community.

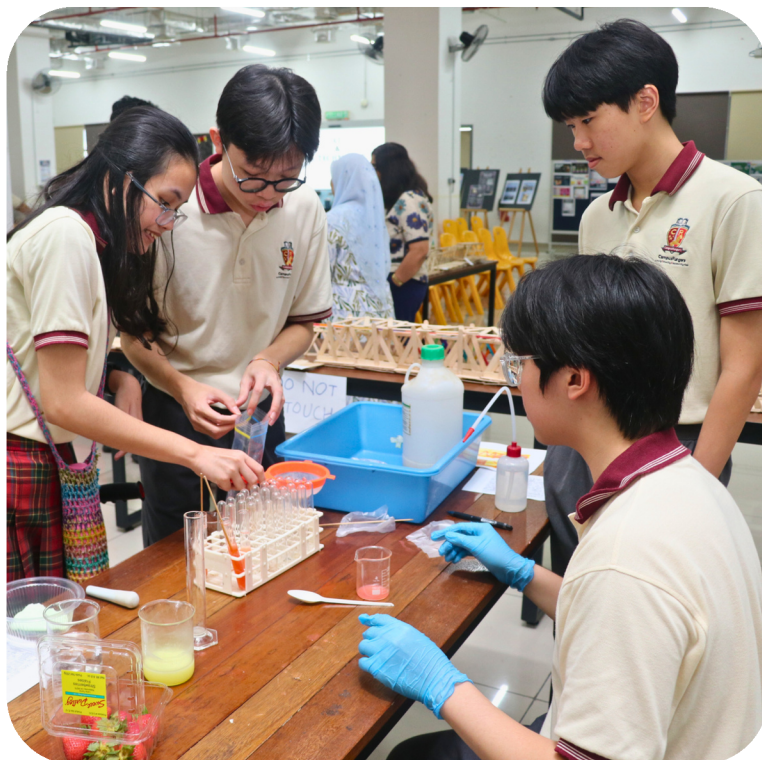

INSPIRING INNOVATION AND DISCOVERY

STEM FAIR 2026

Throughout the fair, students demonstrated their passion for discovery as they explored different STEM concepts and presented their projects with confidence. From creative inventions to engaging experiments, every showcase reflected their teamwork, dedication, and enthusiasm for learning beyond the classroom.

On-Campus Highlights

A special highlight of the event was the Pets Club exhibition, where students had the opportunity to meet fascinating animals and learn more about unique species up close. This interactive experience encouraged students to appreciate the natural world while gaining a deeper understanding of animal characteristics, habitats, and care.

We would like to extend our heartfelt appreciation to all students, teachers, and supporters who contributed to the success of STEM Fair 2026. Your dedication and effort made this event a memorable experience for everyone. Together, we continue to inspire curiosity, foster innovation, and nurture a lifelong love for learning.

EMERGENCY PREPAREDNESS IN ACTION

Fire Drill

This month, our school successfully completed a fire drill evacuation in under three minutes, demonstrating the importance of preparation, teamwork, and responsibility. We are incredibly proud of how calmly and efficiently our students, teachers, and staff responded throughout the exercise. Every class followed safety procedures carefully, helping to ensure a smooth and successful evacuation. Regular fire drills are an essential part of keeping our school community safe and prepared for emergencies. A heartfelt thank you to everyone for taking the drill seriously and making safety a shared priority. Together, we continue to build a safe, caring, and responsible school environment.

Our Preschool and Primary students enjoyed a fun-filled day of learning, laughter, and healthy discoveries through exciting interactive activities. They explored the importance of good bacteria, built healthy daily habits, and learned how simple choices can help them grow healthy and strong. The engaging sessions made learning both meaningful and enjoyable, inspiring our young learners to care for their health every day.

HEALTHY SMILES WITH YAKULT

Primary

The event ended with plenty of smiles as each student received a free Yakult and special take-home goodies. We sincerely thank Yakult Malaysia for sponsoring this wonderful event in collaboration with Campus Rangers International School and for promoting healthy living in such a fun and memorable way.

CAREER EXPLORATION DAY INSPIRES FUTURE SUCCESS

Secondary

Campus Rangers International School was honoured to welcome representatives from the United Kingdom & Eire Malaysian Law Students' Union (KPUM) and Lee Hishamuddin Allen & Gledhill for an inspiring Career Exploration Day. Students learned about budget management, creating an impressive CV, and the do's and don'ts of a successful job interview.

The day concluded with exciting team-building activities, including raft making, Shark Tank, charades, and other collaborative challenges. These engaging activities strengthened teamwork, communication, and problem-solving skills, making the event both educational and memorable. We thank our guests for inspiring our students to prepare confidently for the future.

PTM

Parents-Teachers Meeting

This month, we welcomed parents to our Parent-Teacher Meeting Day, a valuable opportunity to strengthen the partnership between home and school. Meaningful discussions about students' academic progress, personal development, and future goals enabled parents and teachers to work together in supporting each child's learning journey. Every conversation reflected our shared commitment to helping students reach their full potential.

We sincerely thank all parents for taking the time to attend and actively engage with our teachers. Your encouragement, trust, and collaboration play a vital role in your child's growth and success. Together, we continue to build a supportive learning community where every student is empowered to thrive, achieve their goals, and look forward to a bright and successful future.

PRESCHOOL INSIGHT

JUNIOR AGRICULTURISTS IN ACTION

Our young agriculturists eagerly rolled up their sleeves and planted bean sprouts in their very own buckets. With every scoop of soil and every seed planted, they learned valuable lessons about patience, care, and responsibility.

This hands-on activity encouraged curiosity and an appreciation for nature as students discovered how plants grow. We look forward to seeing their excitement in the coming days as their bean sprouts begin to sprout and flourish.

LITTLE ARCHAEOLOGISTS ON A DINOSAUR ADVENTURE

Our K2 students became little archaeologists as they explored the fascinating world of dinosaurs through an exciting hands-on activity. Carefully brushing away sand to uncover hidden dinosaur fossils, they experienced the thrill of discovery while learning the difference between herbivores and carnivores. This interactive lesson sparked curiosity, encouraged critical thinking, and showed that learning becomes even more meaningful when children can explore, discover, and create through play.

PRESCHOOL INSIGHT

LITTLE LEARNERS DISCOVER THE WORLD OF FIREFIGHTERS

Our Nursery students enjoyed a fun and creative Firefighter Station Craft activity, where they learned about the important role of firefighters. They discovered that a fire station is the workplace of firefighters and how these brave heroes help people by responding to emergencies and putting out fires.

Through colouring, cutting, folding, and gluing their crafts, students developed their fine motor skills while following simple step-by-step instructions. It was a meaningful learning experience filled with creativity, discovery, and appreciation for our everyday heroes.

CREATING SMILES WITH FUNNY FACE SANDWICHES

Our Preschool 1 students had a wonderful time creating their own Funny Face Sandwiches using strawberry jam, chocolate spread, banana, and blueberries. Through this hands-on activity, children explored their creativity by designing unique facial expressions while learning about healthy fruits. They also developed fine motor skills through spreading, arranging, and decorating their sandwiches. The activity encouraged imagination, independence, and confidence as students proudly created and enjoyed their delicious treats.

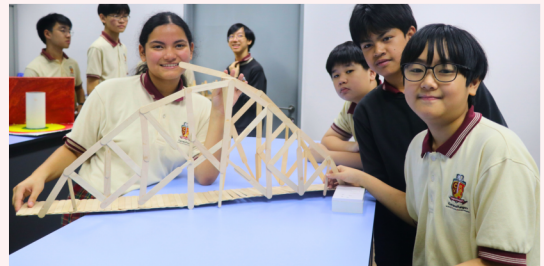

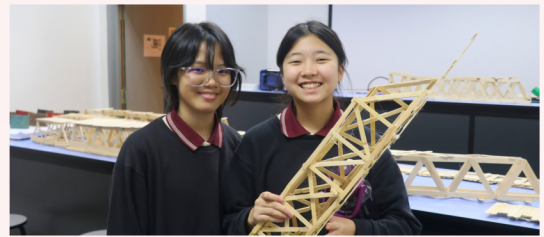

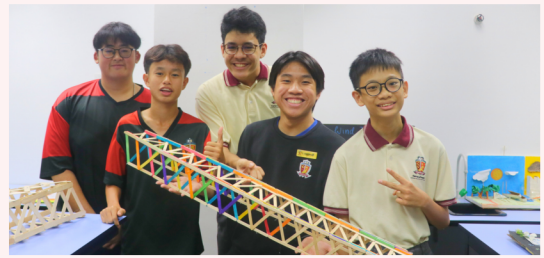

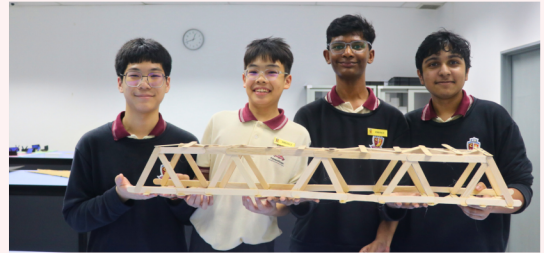

SECONDARY INSIGHT

BUILDING IDEAS, ONE BRIDGE AT A TIME

As part of our STEM Month celebration, our Secondary students took on the exciting challenge of designing and constructing creative, sturdy bridges inspired by famous structures from around the world. Working collaboratively in teams, they brainstormed ideas, explored different designs, built their models, and tested their strength through hands-on activities.

Throughout the project, students applied engineering concepts while developing essential skills such as teamwork, critical thinking, problem-solving, and innovation. Each stage encouraged them to experiment, refine their ideas, and learn from the challenges they encountered.

It was inspiring to see our future engineers transform simple materials into impressive structures with creativity and confidence. This meaningful STEM experience showed students that great ideas can become reality through curiosity, perseverance, and collaboration.

A DAY TO REMEMBER: SECONDARY SPORTS DAY 2026

This month, our Sports Day brought together students for an exciting day of athletic challenges, teamwork, and school spirit. From thrilling track events to energetic field competitions, every participant gave their best and embraced the true values of sportsmanship. The cheers and encouragement throughout the day created an atmosphere filled with enthusiasm and unity.

Field-Based Learning Programme

Our secondary students demonstrated remarkable determination, resilience, and perseverance in every event. Whether competing for victory or supporting their teammates, each student contributed to making the day both meaningful and memorable.

A heartfelt thank you to our dedicated teachers, staff, volunteers, and supporters for their hard work and encouragement. Congratulations to all participants for making this year's Secondary Sports Day an unforgettable celebration of teamwork, effort, and excellence.

Field-Based Learning Programme

A huge congratulations to Green House for capturing the March Past Champion title with a spectacular performance that reflected unity, discipline, and pride.

Congratulations also to Blue House, our Overall House Champion, whose outstanding determination, teamwork, and resilience throughout the competition earned them a well-deserved victory. Their achievement is a true reflection of dedication and the spirit of excellence.

Cheers to our Best Male Athlete(Ng Jiann Yuann) and Best Female Athlete(Ashley Yan Yi) for their exceptional performances.

A SWEET LEARNING ADVENTURE AT CHOCOLATE ACADEMY

On Friday, 26 June, our Primary students embarked on an exciting educational trip to Chocolate Academy Sdn. Bhd., where they discovered the fascinating journey of chocolate from cocoa bean to delicious chocolate. The interactive presentation gave students valuable insights into the chocolate-making process and the skills involved in producing high-quality chocolate.

Field-Based Learning Programme

One of the highlights of the visit was the hands-on DIY chocolate bar workshop. Students had the opportunity to design and decorate their own chocolate creations, allowing them to express their creativity while enjoying a fun and engaging learning experience.

After the workshop, everyone visited the chocolate shop to explore a wide selection of chocolates and purchase their favourite treats. The excitement and smiles on their faces made the experience even more memorable.

The trip was a perfect blend of education, creativity, and enjoyment, providing meaningful learning beyond the classroom. It was truly a sweet adventure that our students will remember for years to come.

A MEMORABLE ADVENTURE AT FARM IN THE CITY

Our Little Rangers enjoyed an unforgettable field trip to Farm in the City, where learning came to life through exciting outdoor experiences. Surrounded by nature, the children explored the farm and discovered a variety of friendly animals in a safe and interactive environment. Their curiosity and enthusiasm made every moment a wonderful learning opportunity.

One of the highlights of the trip was meeting and feeding the animals up close. From rabbits and goats to birds and other fascinating creatures, the children experienced the joy of connecting with nature while learning about animal care and their habitats.

Field-Based Learning Programme

Throughout the day, our young learners participated in hands-on activities that encouraged observation, exploration, and teamwork. Their excitement, laughter, and eagerness to learn created a cheerful atmosphere filled with fun and discovery.

The trip was a perfect blend of education and adventure, leaving our Little Rangers with meaningful experiences, happy memories, and a deeper appreciation for nature and the world around them.

A JOURNEY OF COMPASSION AND CARE

This month, six of our Primary student leaders, accompanied by a teacher, visited Rumah Ozanam to deliver donations in support of the children and the home. The visit provided a meaningful opportunity for our students to learn about the home's daily activities while experiencing the value of compassion, kindness, and community service. We hope our contribution brings comfort and joy to the children while inspiring our students to continue making a positive difference in the lives of others.

CELEBRATING SUCCESS

OUTSTANDING SUCCESS AT MALAYSIA'S LARGEST PUBLIC SPEAKING COMPETITION 2026

Campus Rangers International School KL is proud to celebrate the outstanding achievements of our students at MicFront's Malaysia's Largest Public Speaking Competition 2026, held at IOI Mall Damansara. Competing against hundreds of participants from across the country, our young speakers demonstrated exceptional confidence, eloquence, and stage presence.

Open Competition Results

- 🏆 Champion: Mohnish Kumar (Category E(2))
- 🥈 2nd Place: Phel Kaur (Category B(2))
- 🥉 3rd Place: Maia Ho (Category E(2))
- 🥉 3rd Place: Benstyne (Category D(1))

Medal & Certificate of Participation

- 🥈 Woo Li Yang (Category E(2))
- 🥉 Sai (Category D(2))
- 🥈 Hafsa (Category E(2))

Congratulations to all our talented young speakers—your dedication and inspiring performances have brought great pride to our school community.

CELEBRATING SUCCESS

CELEBRATING ARTISTIC EXCELLENCE: HARSHINI WINS GOLD AWARD

We are delighted to celebrate the outstanding achievement of our Primary student, Harshini from Year 5 Hope, who received a Gold Award in the 4th (2026) International Young Fine Art Artist Open Competition under the Acrylic Emerging Category (9–12 years old). This remarkable accomplishment highlights her creativity, dedication, and passion for the world of art.

Harshini's success was made possible through her determination, continuous practice, and the valuable guidance and support from her Art teacher, Ms. Selina Sow Leng Loke. Together, their commitment and hard work helped her bring her artistic vision to life and achieve this prestigious recognition.

We are incredibly proud of Harshini's achievement and celebrate her talent, perseverance, and confidence. Her success inspires our students to continue nurturing their creativity, pursuing their passions, and striving for excellence in every endeavour.

Good construction and composition of the canvas. I like the use of light blue and pink shades, which creates a poetic atmosphere of the night.

The highlighting and blending techniques are well executed. The light cables are positioned effectively, and the upward-looking perspective is accurately portrayed.

It is a simple yet meaningful piece of artwork that tells a beautiful story. Well done, and congratulations!

Commendation by Jury

CELEBRATING SUCCESS

CELEBRATING MATHEMATICAL EXCELLENCE: NOAH WINS GOLD AWARD

We are proud to celebrate the outstanding achievement of our Primary student, Noah Ryqael Lee from Year 3 Joy, who earned a Gold Award in the SASMO (Singapore and Asian Schools Math Olympiad) held at our school. This remarkable accomplishment reflects his strong mathematical abilities, dedication, and enthusiasm for problem-solving.

Noah's achievement highlights his commitment to learning and his confidence in taking on new challenges. Through perseverance, practice, and a passion for mathematics, he has demonstrated the skills and determination needed to excel in this prestigious competition.

We would like to extend our warmest congratulations to Noah on this well-deserved success. His achievement is an inspiration to his peers and a wonderful example of how curiosity, hard work, and a love for learning can lead to excellence.

JAPAN TRAVEL BUREAU

Campus Rangers International School was honoured to welcome representatives from the Japan Travel Bureau for their very first visit to our campus. The visit provided a valuable opportunity to exchange ideas, share meaningful experiences, and strengthen new connections. Through engaging discussions, both parties explored exciting possibilities for future collaborations that could enrich our students' learning experiences and promote greater global awareness.

We sincerely appreciate the Japan Travel Bureau for taking the time to visit our school and for their interest in building a meaningful partnership with our community. We look forward to welcoming them again in the future as we continue to create inspiring educational opportunities and strengthen international friendships for the benefit of our students.

HELP UNIVERSITY

Campus Rangers International School was delighted to welcome Ms. Florence from HELP University to conduct a motivational workshop for our Year 11 students as they prepare for their upcoming IGCSE examinations. The session focused on helping students understand their current mental and emotional well-being while encouraging a positive mindset during this important stage of their academic journey. It also provided an opportunity for teachers and our school counsellor to better understand students' needs and ensure that appropriate guidance and support are readily available throughout their examination preparation.

A highlight of the workshop was the BIG FIVE Personality Test, which gave students valuable insights into their individual personalities, strengths, and areas for personal growth. The activity encouraged greater self-awareness and reflection, empowering students to develop effective study habits, build resilience, and approach their examinations with confidence. We sincerely thank Ms. Florence and HELP University for delivering such an inspiring and meaningful session for our students.

ASIA PASIFIC UNIVERSITY

Our Rangers enjoyed an inspiring educational visit to Asia Pacific University (APU), where they experienced university life and explored exciting opportunities for their future. The campus tour gave students a glimpse into a modern learning environment while introducing them to various academic programmes and higher education pathways. The visit encouraged them to think ahead and better understand the possibilities that await after secondary school.

A highlight of the trip was the hands-on experience with XR and VR technology, allowing students to discover how innovation is transforming education and industries worldwide. The immersive activities sparked curiosity, creativity, and enthusiasm for emerging technologies. By exposing our students to real-world learning environments and future-focused experiences, we continue to prepare them with the knowledge, confidence, and inspiration they need to make informed decisions about their academic and career journeys.

EDUEXPERT

Our secondary students participated in an informative EduExpert Talk that broadened their understanding of overseas education and future career opportunities. The session explored important topics such as tuition fees, living expenses, scholarships, and financial planning, giving students practical knowledge to help them make informed decisions about pursuing an international education. It also highlighted the value of early preparation when planning for higher education abroad.

Students were equally inspired as they learned about a variety of career pathways, including becoming a pilot, veterinarian, and other rewarding professions. The speaker shared valuable insights into the qualifications, training, and educational journeys required to achieve these career goals. We sincerely thank our guest speaker for delivering such an engaging and informative session, encouraging our students to dream big, plan wisely, and confidently pursue their future aspirations.

IMMERSION PROGRAMME

Our China & Korean Immersion students enjoyed an exciting visit to the Chocolate Factory Outlet in Bandar Baru Bangi. They discovered the history of chocolate in Malaysia, learned about cocoa trees, and experienced the chocolate-making process firsthand. The trip concluded with a fun shopping session, where students picked up their favourite chocolate treats. This educational outing was a perfect blend of learning, creativity, and enjoyment, leaving everyone with sweet memories and a deeper appreciation for the journey from cocoa bean to chocolate.
